

K-TAG COMPLIANCE STARTS HERE

We've got you covered. Avoid costly citations with products that help your facility comply with federal regulations.

EMERGENCY EGRESS

Illuminated signage, emergency lighting, and keyless egress are essential in the event of a power outage or evacuation.

FIRE DETECTION & RESPONSE

We carry smoke, CO, and combo alarms, as well as DOT- and OSHA-compliant fire extinguishers.

COMBUSTIBLE HANDLING

Facilities must provide means for safely storing flammable liquids and for disposing of combustible waste.

K-TAG	DESCRIPTION	COMPLIANT PRODUCT CATEGORIES	
K43	Patient room doors are arranged such that the patients can open the door from inside without using a key.		<u>Door Hardware</u>
K45	Illumination of means of egress, including exit discharge, is arranged so that failure of any single lighting fixture (bulb) will not leave the area in darkness.		<u>Emergency Lighting Fixtures</u> <u>Exit Signs & Combo Units</u>
K47	Exit and directional signs are displayed with continuous illumination also served by the emergency lighting system.		<u>Exit Signs & Combo Units</u> <u>Exit Signage</u>
K53	Resident rooms and common areas must be equipped with smoke detectors in smoke compartments that are not fully sprinklered.		<u>Smoke Alarms</u> <u>Smoke/CO Combo Alarms</u>
K64	Portable fire extinguishers shall be provided in all health care occupancies.		<u>Fire Extinguishers</u> <u>Fire Extinguisher Cabinets</u>
K66	Ashtrays of noncombustible material and safe design shall be provided in all areas where smoking is permitted.		<u>Cigarette Receptacles</u>
K75	Wastebaskets, linen containers, and other waste containers, including their lids, located in Group I-1, I-2 and I-3 occupancies, shall be constructed of noncombustible materials.		<u>Trash Cans</u>
K135	Flammable and combustible liquids shall be used from and stored in approved containers.		<u>Flammable Storage</u>
